COURSE OBJECTIVES & LEARNING OUTCOMES:

Academic internships at Jefferson aid students in professional preparation through a work experience directly related to their major and career goals. This upper-level elective course is designed to facilitate and support a student's academic internship experience. While the primary emphasis of the course is on the internship work experience, course assignments are incorporated to prompt reflection on the internship. This reflection is an integral component of experiential learning and students' overall career and professional development and aligns with the following learning outcomes:

- Students will be able to evaluate potential career opportunities through experiential learning
- Students will be able to assess professional skills they need to develop or improve

ADMINISTRATION/FACULTY:

Career Services Center: Career Services assists the student in searching for an internship for credit, provides permission to enroll in an internship course, manages all student records for participation in the program, and provides all documentation and evaluation forms as necessary.

Faculty Internship Advisor: The designated faculty internship advisor works with the enrolled student on all items related to the course syllabus and expectations, as well as the evaluation and grading of all assignments. *Students are responsible for establishing and maintaining contact throughout the semester of participation with the Faculty Internship Advisor.*

I consider it part of my responsibility as instructor to address the learning needs of all of the students in this course. I will present materials that are respectful of diversity: race, color, ethnicity, gender, age, disability, religious beliefs, sexual orientation, gender identity, gender expression, citizenship, or national origin among other personal characteristics. I also believe that the diversity of student experiences and perspectives is essential to the deepening of knowledge in a course. All members of this class are expected to contribute to a respectful, welcoming and inclusive environment for every other member of the class. Any suggestions that you have about other ways to include the value of diversity in this course are welcome.

COURSE FORMAT:

Course Orientation: Preceding the start of the course, students will meet with their Faculty Internship Advisor to receive the syllabus and discuss the course; this is the only *required* meeting for this course. The remainder of the internship experience will be on-site or have remote arrangements made with a ***minimum of 144 hours during the semester, over at least a 12-week period required (both requirements must be met, not simply a total minimum of 144 hours).*** **Required internship hours may only be earned within the semester dates (first day of class – last day of finals).**

Faculty Internship Advisor Contact: It is the responsibility of the student to contact the Faculty Internship Advisor at the point of registration. During that meeting, students should determine the best way to contact their internship advisor for questions or concerns, as well as determine assignment deadlines to observe throughout the term.

Internship: The internship experience is intended to provide the student with a meaningful work opportunity related to their major and career goals. The hours spent at the workplace compose the majority of time required for this course. Each student will establish measurable learning objectives for the internship at the outset, as well as complete assignments. Credit for the internship course is granted for the completion of the academic assignments related to the experience, *not solely* for hours completed at the internship site. *The on-site requirements*, as agreed to

THOMAS UNIVERSITY UNIVERSITY – EAST FALLS CAMPUS
GRIN-7910: 1-CREDIT INTERNSHIP SYLLABUS

from the student signature on the Internship Learning Agreement, are:

- a minimum of 144 hours during the semester, over at least a 12 week period (both requirements are to be met)
- With this signature students also agree to abide by the Academic Internship Program Policies, reviewed prior to registering for an internship and available for reference in the Canvas internship course.

Contact/Visitation: In order to ensure the intent of the course is being fulfilled and the student is gaining appropriate experience in the internship, the Faculty Internship Advisor will contact the internship supervisor, typically at midterm, to discuss the student's progress with their supervisor. Under specific circumstance or where warranted, the Faculty Internship Advisor may choose to contact the employer in person in lieu of phone meeting.

COURSE POLICIES:

The student is responsible for reading and understanding all internship program policies agreed to when the Internship for Credit Application Statement and Policy Affirmation/Risk and Release form (within Handshake) were signed. Specific details can be referenced on the *Academic Internship Program Policies* handout and the student's account in Handshake. This includes maintaining contact with the Career Services Center and the Faculty Internship Advisor should there be any notable changes to the internship experience. Any student found to be in violation of any policy may be dropped from the course, receiving neither credit nor tuition refund, and may be subject to disciplinary actions by the University for serious breaches of employer trust.

CHANGES TO INTERNSHIP INFORMATION/EXPERIENCE:

Any and all notable changes to the student internship experience, position description and/or employer/supervisor information **MUST** be communicated immediately to the Career Services and Faculty Internship Advisor. *Failure to report changes is in violation of the agreed terms of the Internship for Credit Application Statement and Policies.*

TECHNOLOGY TOOL FOR ASSIGNMENT SUBMISSION: Canvas (<https://canvas.jefferson.edu/>)

All course assignments are to be submitted in PDF or Word format and reviewed by faculty via Canvas (not emailed to faculty). All course documents and resources are found in the Canvas internship course, accessible at <https://canvas.jefferson.edu/> (details for each assignment are below as applicable). Refer to the "Help" link on the menu on the left side of the screen for Canvas support and assistance.

WRITTEN ASSIGNMENTS AND EVALUATIONS: Please consult schedule at the end of the syllabus for due dates. All assignments are detailed in and to be submitted through Canvas in PDF or Word format for Faculty Internship Advisor review (<https://canvas.jefferson.edu/>). **DO NOT email assignments to faculty.** Students are strongly encouraged to meet with a writing tutor at the Academic Success Center prior to submitting major reports.

1. Signed Hours Log

All academic interns are required to maintain a weekly hours log (detailing completed hours), including a *required* supervisor signature **each week**. The log should be submitted via Canvas (scan and upload as PDF or image format) **at mid-term and semester end** (see below for exact weeks). If unable to scan/upload, the log can be faxed, mailed, or submitted in person to the Faculty Internship Advisor. Completed Hours Log forms are attached to this assignment. Submission of the signed hours log is required to receive a passing grade for all internship courses.

2. Professionalism & Communication

A portion of the intern's grade will be based upon the professionalism and communication they exhibit throughout the internship and the faculty internship advisor will take into account their own experience with the intern and also the feedback they receive from the intern's supervisor. During the time a student is working, they are considered an employee of the company for which they work. As such, students are subject to their employer's policies and procedures.

Satisfactory performance during internship employment will include:

- Attendance and punctuality during agreed upon hours of work
- Acceptable performance of the technical/skills based aspects of the job
- Conforming to an employer's dress codes
- Adhering to an employer's personnel policies

THOMAS UNIVERSITY UNIVERSITY – EAST FALLS CAMPUS
GRIN-7910: 1-CREDIT INTERNSHIP SYLLABUS

3. Learning Objectives

During the first two weeks of the internship, the student will work with their site supervisor to develop at least five learning objectives/goals for the semester as they relate to specific professional skills. These skills and additional information are outlined and defined in the Learning Objectives Assignment form. These objectives are intended to create a network of communication and a learning plan for the duration of the internship assignment, and should be written in close consultation with and approved by the student's internship supervisor.

The Learning Objective form, template and resources are located in the "Assignments" tab in Canvas:

- Upon developing learning objectives, the employer is requested to sign the worksheet. The student should then also sign, make a copy for future reference, and *scan and submit the original worksheet to Canvas* for their Faculty Internship Advisor to review.
- For the related written assignment, students should follow instructions listed on the Learning Objectives Assignment form; students are required to **complete the Learning Objectives Template**, describing at least five skills that they seek to develop or improve during the internship, their rationale for selecting these skills, and tasks or responsibilities to be carried out in order to develop them (*Submit to Canvas*).
- Additionally, students are required to incorporate the progress made toward the accomplishment of these goals in both their **bi-weekly journal and final report** (detailed information is listed below).

4. Journals

DUE: See assignment schedule/faculty internship advisor

The five journal entries are approximately 1 page in length, double-spaced and submitted through Canvas in PDF or Word format (see template in "Assignments" tab in Canvas). The journals provide brief details of weekly student experience at the internship site, including any tasks assigned/accomplished, difficulties experienced, lessons learned, and any resources or assistance needed from the Faculty Internship Advisor or Career Services staff at that time. Each journal assignment should also contain ongoing progression towards established *Learning Objectives*, with the final journal including a self-evaluation of the experience plus exit interview reflection.

5. Informational Interview Report

DUE: See assignment schedule/faculty internship advisor

The Informational Interview Report must be at least 4 pages in length, double-spaced, proofread for spelling and grammar, and submitted in PDF or Word format to Canvas. Students must complete *two informational interviews* with professional staff at the internship site; *one of which must be with their direct supervisor*. Only one report is to be written, including insight gained from both interviews (NOT a separate report for each interview). The Informational Interview Report is intended to enhance a student's understanding of their chosen profession/field, career goals and internship employer. Questions utilized for the interviews should focus on the interviewee's professional experience and relevant company information. *In order to best prepare, students must refer to the Informational Interview Resources and assignment details in the "Assignments" tab in Canvas*, as well as review the internship employer's website.

Each Informational Interview Report must include:

- A cover page, including the student's name, semester of participation, date of submission, and employer's name (this does not count towards minimum page requirement).
- Information learned/obtained during the interviews regarding interviewee professional background/career path and relevant company information.
- Responses to the Informational Interview Reflection Questions (**located in the Canvas "Assignments" tab**).
- Questions created for and utilized to conduct the interviews (appended to the full report).

6. Final Report (includes Exit Interview)

DUE: See assignment schedule/faculty internship advisor

The Final Report must be at least 2 pages in length, double-spaced, proofread for spelling and grammar and submitted in PDF or Word format to Canvas. The Final Report is intended to focus on the student's professional development throughout the internship experience with special attention given to self-evaluation through the Exit Interview, as well as a thorough assessment of the *Learning Objectives* established in the beginning of the semester.

The Final Report must include/address:

- A cover page, including the student's name, semester of participation, date of submission, and employer's name (this does not count towards minimum page requirement).

- **The outcomes of established Learning Objectives** - How did you go about accomplishing your goals with regards to the key professional skills you set out to develop? To what extent have you achieved your goals? How have you clearly and tangibly demonstrated to your supervisor that you have developed these skills? If not, what is the reason for not reaching the set objectives and how do you intend to work towards these goals in the future? Using your experience over the past three months, why do you think this assignment was given, and how might this apply to your professional future?
- **Exit Interview** – The exit interview is to be scheduled one month in advance and conducted with the intern supervisor towards the end of the internship experience. The interview will be discussed/reflected on as part of the student’s self-evaluation. The exit interview goals include obtaining as much information on your performance as possible, discussing the possibility of returning as a full-time employee or intern (if applicable and if you are interested), and leaving on a positive note. **Questions to assist with the Exit Interview are posted in Canvas.**

6. Employer Evaluation

All employer evaluations are included in the final grade and are administered by Career Services. Career Services will send the intern supervisor a secure website link to the employer’s evaluation form to be completed by the deadline established by Career Services. Students will be notified via email when the evaluation is sent and should speak to their supervisor at that time, to confirm the link was received and to schedule a time when they can share this important feedback IN PERSON before the internship ends. It is the intern’s responsibility to ensure that the evaluation is reviewed with the supervisor in order to understand how this affects the internship course grade.

Credit Hour:

Last updated: March 23, 2022

THOMAS UNIVERSITY UNIVERSITY – EAST FALLS CAMPUS GRIN-7910: 1-CREDIT INTERNSHIP SYLLABUS

A credit hour is a measure of the amount of work represented in intended learning outcomes and verified by evidence of student achievement. A credit hour is an institutionally established equivalency that reasonably approximates not less than: (1) one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately 15 weeks for one semester hour of credit of the equivalent amount of work over a different amount of time; or (2) at least an equivalent amount of work for other academic activities such as laboratory work, studio work, internships, or academic work leading to the award of credit hours. For studio and laboratory courses, the conventional suggestion is two hours of instruction and at least four hours of work outside of class each week for approximately 15 weeks represent one hour of credit.

Diversity & Inclusion:

Jefferson holds itself accountable, at every level of the organization, to nurture an environment of inclusion and respect, by valuing the uniqueness of every individual, celebrating and reflecting the rich diversity of its communities, and taking meaningful action to cultivate an environment of fairness, belonging, and opportunity.
